  - **YOU MUST HAVE A MINIMUM OF 10 ITEMS ON YOUR GLOGSTER**

Allows you to choose from images provided by Glogster

Allows you to search Google for

Sets the background picture for the Glog

Allows you to add video and sound to the project

When choosing pictures, you can rotate them and place them in front of or behind other pictures to create a collage. As long as you change the size of the picture, when you are in presentation mode and you click on the picture, it will 'pop' out so t can be seen.
