

Animoto Digital Storytelling Project

Description: Students will look over the list of pictures added to the Scavenger Hunt List and determine which pictures best fit their idea. The idea of this project is to critically think and design your choice of a short story. The story can be about anything. If you need ideas, please try one of the story plot generators listed at Shegog.com\StudentResources. You must incorporate a minimum of 10 of these picture ideas, and add in no fewer than 5 pictures that you feel will help tell your story.

Objective: Students will tell a story using pictures and text on Animoto. They will choose the pictures, the music, and tell the story..

Pictures:

1. **A heavenly body (sun, moon stars, milky way, etc...)**
2. **An animal**
3. **Burning Candle with melting wax**
4. **A Field**
5. **A Catholic Church**
6. **A cobweb or spider web**
7. **A tree**
8. **A House or a Barn**
9. **A forest scene inside or first person view inside the forest.**
10. **Leaves blowing across the yard, sidewalk or street.**
11. **A swing or playground equipment**
12. **Lightning or rain**
13. **Any kind of bird**
14. **Any body of water – stream, creek, ocean, lake etc...**
15. **A bed**
16. **Broken glass or a cracked mirror**
17. **A fire whether it be in a campsite, bonfire, fireplace etc**

You must add up to five additional pictures of your own to this list

All pictures need to be included on the Picture Log (see Shegog.com\StudentResources). You will need to include the name or a description of the picture, the name of the website where you found it, and the url of the page the picture was found.

TABLE 1

	Picture Name/Description	Website	URL

Creating the Animoto Account

Open the link for Animoto.com

Logout of the prior students account (if necessary)

Click sign up

- Email - spxnc1+ Your1stName7@gmail.com
- Yourname - 1st name only
- Password - spx2015 or something you will remember
- Choose education for the type of video
- Click Start Trial

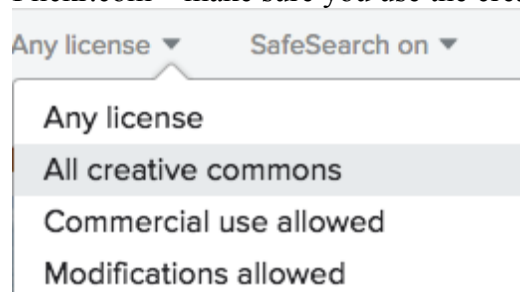

Once you have created your account

- Click ACCOUNT
- Copy and paste the text below as your code
- a4esheg2d7006ced0b9
- Click Submit code

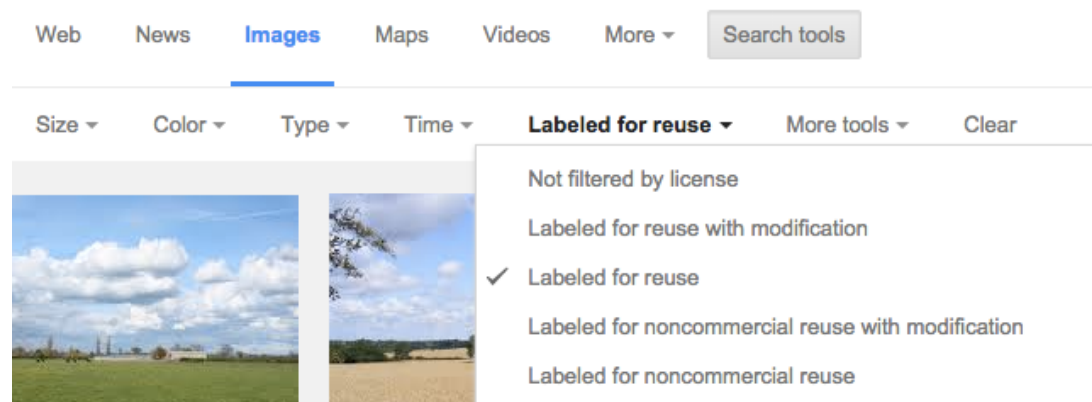

This will give you an education account for a 6 months

Pictures can be found on

Flickr.com – make sure you use the creative commons option when selecting pictures

Google.com – click on **Search Tools** – Click on **Not Filtered by License** – Choose **Labeled for Reuse**

Make sure you upload each picture as you find it to Animoto, that way you wont loose the pictures you like, and log each picture as you get it.
